

FIRST MEETING IN NEW CHAPEL

Members of Fourteenth Ward Hear Address by President L. W. Shurtliff.

President L. W. Shurtliff of the Weber stake delivered an address to the members of the Fourteenth ward yesterday afternoon on the occasion of the opening of the new ward building for all meetings and ward activities.

Since the organization of the ward over a year ago, the meetings have been held in the old ward building, which is situated on Thirty-first street and Porter avenue, to the great disadvantage of the members who reside in the south part of the ward, and there was a spirit of rejoicing yesterday at the opportunity now afforded to attend meetings in a building that is centrally located in the ward.

Meetings were held for the priesthood at 9 o'clock. Fast services were held in the afternoon and in the evening there was a meeting of the ward mutuals. The Sunday school has not yet been organized but it is expected that the organization will be effected before the end of the present month. The new building is not yet fully completed and the members of the ward priesthood will donate their labor this evening in an effort to complete the construction work. Tomorrow evening the members of the Boy Scouts will render assistance at the new building.

President Shurtliff in his address congratulated the bishopric and members of the ward for the things they had accomplished during the past year, especially in the matter of the construction of the new building. He predicted that the ward would prosper and would become a power for good in the south part of town.

The veteran stake president then reviewed the activities of the church from its earliest days to the present in the matter of building meeting houses showing development had been made from the old log buildings to the present handsome temples and churches that now adorn the various cities in this state. President Shurtliff also recalled the labors of the early members of the church and bore testimony that he knew that Joseph Smith was a prophet of God.

At the evening meetings a varied program of instrumental and vocal selections, demonstrations of the Girls' Beehive work, and short talks were given, under the auspices of the Mutual Improvement association.

Next Wednesday evening at 8 o'clock a social will be held in the new ward hall for the benefit of all the members of the ward who are invited to be present. There will be charge for admission. A program of dancing and other features is being arranged for the social by the officers of the ward mutuals.

Everybody Up in the Air Over Uncertainty

trial heats, but I don't know how they are going to get by," said Governor Sprout, presidential candidate for the nomination.

Governor Sprout said a noticeable feature of the pre-convention hours was the good feeling among the delegations which led him to believe the fight would not be protracted.

CHICAGO, June 7.—The imminence of the Republican national convention which begins its sessions at noon tomorrow apparently worked today to further belated instead of clarify the question of who is to be the nominee for president.

Wood, Lowden and Johnson, supporters were driven hard for the advantage and all of them were claiming gains as the balance of the uninstructed delegates rolled into Chicago. But the best claims for any of the three amounted to little more than one-fourth of the total delegate strength and it takes a majority to win the nomination.

With prospects of a deadlock thus becoming better hourly, favorite sons and dark horse possibilities increased their activities and further tangled and knotted reefs of control for which the party leaders are wrestling.

Squabble Enlivened.

The outlook helped too, to enliven the squabble over contested convention seats and the struggle over permanent organization of the convention. At least some, and possibly all, of the 137 contests decided by the national committee will be brought before the "credentials" committee for a rehearing and a few may be decided finally on the convention floor itself.

Realizing the power which might be wielded by a friendly staff of convention officials, the managers for all the candidates are studying carefully before they jump one way or the other in the choice of a permanent chairman. Senator McCormick, of Illinois, and former Senator Beveridge, of Indiana, are most prominently mentioned for the chairmanship, but the strength behind neither has yet become clearly defined and a choice may be postponed until the last minute.

Platform Being Shaped.

If the situation over candidates and organization is uncertain, most of the leaders agree that the situation as regards the platform at least, is beginning to take form. Only a few of the more troublesome planks remain to be agreed on, and although some sharp struggles are in prospect, no one seems to think that any of them will lead to serious consequences.

There were indications today that a league of nations plank, over which one of the bitterest contention fights had been predicted, might soon be given the approval of all the leaders except a small group of mild reservation senators. The Johnson-Borah irreconcilables have a plank of their own ready to submit if the platform conference does not yield a result acceptable to them, but they indicated confidence today that no open fight by them would be necessary.

Some Disappointment.

The mild reservationists are disappointed with the plank under consideration in the platform conference because it would have the force, they say, of merely declaring against the league covenant as contained in the treaty of Versailles. They want an affirmative declaration for ratification of the treaty with safeguarding reservations.

In the fight over permanent organization, the Wood forces will throw at least some of their strength for former Senator Beveridge. "I am for Senator Beveridge," said Frank H. Hitchcock, "and I would have been for him even though he had not been instructed by his state for General Wood. I have reason to believe that Senator Beveridge is rightly regarded in other camps."

Friends of Governor Sprout, of Pennsylvania, said the governor had no particular choice for the permanent chairmanship. Senator Johnson is for Senator Borah, of Idaho, if the latter indicates that he desires the chairmanship. Senator Johnson's mass meeting tonight by which his supporters hoped to bring about a declaration of his support for the national convention, will be addressed also by Senator Borah. The California senator is expected to deal with various topics in his address, including the platform, including the league of nations and the method of selecting delegates from the south. Expecting a gathering of overflow size, both of the speakers will be prepared to appear in a large hall secured for the meeting and outside as well.

Scramble for Tickets.

The scramble for convention tickets began today with their distribution through members of the national committee and the local arrangements committee. Bales of the pastebards and accompanying badges and souvenirs were given out at a hotel and there was a stampede of committee-men. The seats were allotted according to the proportionate representation of each state in the convention. Lucy Page Gaston, the only woman entrant in the presidential race, announced today that her name would not be presented to the convention. She said she had withdrawn in favor of anybody "who will endorse the moral reforms for which I stand."

Miss Gaston entered the South Dakota primaries on a platform which included an anti-cigarette plank, unadulterated food and "a clean moral." Alvin C. McDonald, member of the Oklahoma delegation, announced that Jake Hammond, national committee-man-elect of Oklahoma, would receive the Oklahoma vote for president on the first ballot. Mr. Hammond is to be placed in nomination by former Representative Bird S. McGuire.

Nomination of Governor Lowden will be seconded, it was announced, in five minute speeches by Governor Edwin P. Morrow, of Kentucky, and former Representative Charles E. Pickett, of Iowa.

Missouri Caucus. With the arrival of the Missouri delegation an effort will be made today or tonight to call a caucus and consider last week's election of Joseph W. Babler, of St. Louis, as national committee-man from the state. Babler figured in the testimony before the senate committee's investigation of Governor Lowden's expenditures in Missouri.

Although kept away by illness, Senator Penrose, of Pennsylvania, a conspicuous figure for years in national conventions, is closely in touch with developments here and constantly is advising his lieutenants. There is a telephone line direct from the senator's house in Philadelphia to the headquarters here of the Pennsylvania delegation.

Regret over the enforced absence of the Pennsylvania leader was expressed today by Chairman Hays of the national committee.

"The information is," said Mr. Hays, "that Senator Penrose will not be here and everyone is sorry."

EAGLES TO HOLD STATE MEETING

Annual Flight Will Be Held in Salt Lake June 29 and 30.

Many members of the Fraternal Order of Eagles of Ogden are making preparation to attend the state convention of the five series which will be held in Salt Lake June 29 and 30. With the exception of Salt Lake, Ogden is expected to send the largest representation from any one series, as the majority of members of Aerie No. 118, have signified their intention to attend.

Bingham, Tintic, Eureka and Murray will be down in force at the convention according to word received by Franklin Christianson, president of the Salt Lake aerie.

Mr. Christianson, working in conjunction with Parley P. Jensen, state chairman, has appointed a committee on arrangements, composed of H. S. McCann, chairman, Robert N. Young, J. D. Fife, Jr., Leonard L. Fish, Carl A. Hahn, J. A. Lamping, C. E. Peterson, Berkeley Olson and William P. Maack.

Utah Delegation at Chicago; Meets Tonight

Ogden's delegation to the Republican national convention has arrived in Chicago and the Utah headquarters at the Great Northern hotel is beginning to hum with activity, according to dispatches which reached Ogden this morning. The Utah delegation is away from most of the convention bustle, as only the Arizona and the Alabama delegations are at the Great Northern.

Senator Reed Smoot has arrived and has been in conference with the platform committee. The delegates have given no indication of whom they will vote for, but it is understood Wood is the favorite candidate.

Delegates, alternates and spectators in Chicago include Reed Smoot, C. E. Loose, Provo; J. C. Lynch, Salt Lake; J. U. Eldredge, Jr., Ogden; Mrs. Jeannette A. Hyde, Salt Lake; Harold P. Fabian, Fred C. Looftbour, D. S. Spencer, Glenn Miller and Ernest R. Woolley, Salt Lake. Mr. Spencer is visiting carefully of politics between railroad business meetings.

Former Governor William Spry and L. R. Anderson, Mant, are due to arrive today with other Utahns.
